Portable and Affordable for All Your Labeling Jobs

The K-Sun BEE3®EZ and EZ+ are electronic portable, compact keyboard printers that create custom adhesive-backed labels in over 60 different sizes and color combinations. They also print on polyolefin heat shrink tube materials for wire and cable identification. Both printers have 8-Bar Code formats for making custom bar code labels for multiple uses in warehouses, plants, labs, electrical, office, maintenance and more. The BEE3®-EZ printers are loaded with features to make labeling easier and better. They run on 6 standard AA batteries or desktop AC Adapter saving money on replacement batteries. Below is a list of key features that add up to a performance package you would expect only from larger, more expensive label printers.
